

THORNTON CREEK'S FIRST ANNUAL STEAM CAREER DAY FRIDAY, MARCH 22

We are excited to host our first annual STEAM Career Day! This is a great opportunity for students to learn how they can one day apply the skills learned in our STEAM class in the real world.

This is where **YOU** come in!

Do you have a career in a field that relates to STEAM (Science, Technology, Engineering, Art, Math)? We are looking for presenters to talk to our 2nd through 5th grade students about their job in a way that students can relate to. You may use the time to talk about your career, the education you needed to get there, life experiences that influenced your path, or anything else you think is age-appropriate.

Interested?

**CLICK HERE to learn more and
sign up!!**

Thank you in advance for supporting our students and exciting them about the world of possibilities they have in their future!
